Tsuen Wan Trade Association Primary School

Writing Competition - Teachers Gratitude Day

Dear Miss Huang Meiyi,

You are the most selfless and the most friendly teacher **ever**!

Thank you for everything you have taught me.

You made me feel brave and confident in class.

I think you are very **special** because my English is getting better than last year.

My **favourite** day of the year at school was Christmas Party because on that day I could share yummy food and snacks with my classmates.

I **remember** when we learn English, we can't be lazy. We should study hard. If we study English hard, we can speak English easily.

Happy Teachers' Day!

Sincerely yours,

Albert
