Writing Competition - Teachers Gratitude Day

Dear Miss Li and Miss Wong,

You are the best and the most friendly teacher ever!

Thank you for everything you have taught me.

You made me feel sometimes was excited and sad in class.

I think you are very **special** because you are pretty, you use your heart to teach your students and always smile to students.

My favourite day of the year at school was _____

Christmas because Miss Lee and Miss Wong
were in our 3B class (but now I am 4B) and celebrate Christmas and play games,

I remember you always like to dance. Always like to give gifts to our
3B class but only your smile is hads like a treasure. You always get up early when we do wrong.

You bring a little smile and said "don't worry. In the future, you will be better!"

I respect you. You feel tired because you need to prepare lessons.

Happy Teachers' Day!

Sincerely yours,

Tom
